Wolters Kluwer Health's UpToDate® Mobile for iPhone a Finalist for Two 2012 SIIA CODiE Awards

Philadelphia, Pa. (December 13, 2011) - [Wolters Kluwer Health](#), a leading global provider of information for healthcare professionals and students, announced today that its [UpToDate® Mobile for iPhone](#) clinical knowledge system has been selected as a finalist for the Software & Industry Information Association's [\(SIIA\) 2012 CODiE Awards](#), which recognize excellence in the software and digital content industries.

The SIIA is the principal trade association for the software and digital content industries. UpToDate Mobile for iPhone was chosen as a finalist in both the "Best Medical and Health Information Product" and "Best Solution Integrating Content into Workflow" categories.

"By making UpToDate available via iPhone, we are extending the power and reach of UpToDate to more clinicians in more locations," said Denise S. Basow, M.D., President and Editor-in-Chief, Wolters Kluwer Health's UpToDate. "UpToDate Mobile for iPhone is the latest example of our continued commitment to introduce new technologies and solutions that help clinicians make evidence-based decisions at the point of care. We are honored to be chosen as a finalist for the esteemed SIIA CODiE Awards"
