

# UpToDate® Subscriptions for Group Practices

*"UpToDate ordering has been so much easier since I started ordering as a group. A single invoice is the best part."*

UpToDate® offers a number of pricing options that are specifically designed for clinical practices. Special rates are available for groups of 11 or more clinicians who place their new individual subscription orders together and pay for them in one transaction with one payment. Benefits of group practice subscriptions include:

- **Saving money with special group pricing** — UpToDate offers discounted rates on each subscription for group practices of 11 or more purchasing individual subscriptions. The more subscriptions purchased, the greater the savings for your group!
- **Saving time with annual consolidated billing** — UpToDate group subscriptions can provide savings in processing time and simplify budgeting with a consolidated once-per-year renewal for all subscribers.
- **Earning FREE CME/CE/CPD credit at no additional cost\*** — UpToDate takes care of tracking your CME/CE/CPD activity and each member of your group may process the credits they've earned online at their convenience. Credits can be accessed and processed for up to two years with an active subscription.

Group practices have the unique challenge of maintaining high-quality standards without the resources of large hospitals or institutions. UpToDate can help maximize the value of your time and investment while standardizing the care the clinicians in your practice provide. Best of all, with this subscription option group members receive all of the benefits of an individual subscription to UpToDate, including the following:

- ✓ Unlimited access to UpToDate online via your computer or mobile device
- ✓ Comprehensive information for primary care providers and subspecialists in 22 specialties
- ✓ More than 10,500 clinical topics
- ✓ More than 9,600 graded recommendations
- ✓ More than 400,000 Medline abstracts
- ✓ Free CME/CE/CPD credit
- ✓ Access to a select drug database and drug interactions tool (in partnership with Lexicomp®)
- ✓ More than 5,400 entries in adult, pediatric, and international drug topics
- ✓ More than 160 medical calculators
- ✓ More than 1,500 patient education topics
