Certified Trainer Program Description

The goal of the Certified Trainer program is to ensure that you have all the tools needed to train clinicians within your organization who have access to UpToDate. Through certification, you will become familiar with the UpToDate product features and functionality. This knowledge will enable you to help clinicians find clinical answers quickly at the point of care.

CERTIFICATION IS A QUICK THREE-STEP PROCESS:

1. An UpToDate trainer will provide a one-on-one demonstration.
2. You will then conduct a demonstration for the UpToDate trainer to ensure understanding of the key features and ability to demonstrate them to others.
3. You become a Certified Trainer and receive additional training and materials to promote UpToDate to the clinicians in your facility

OUTSTANDING SUPPORT AND CUSTOMER SERVICE

If you have any questions or would like more information, please email our Training team at training@uptodate.com.

A TURNKEY SOLUTION THAT SAVES YOU TIME.

Once certified, you will receive a welcome email that includes links to all the materials you will need to be successful in your new role:

- Framed "Certified Trainer" certificate
- User guides
- Posters for internal promotion
- Sample internal communication templates, including staff memos, emails, mailbox stuffers, intranet announcements and newsletter article
- Tips to ensure UpToDate is easily accessible
- And more...
